

## AmByth Estate

### Phillip Hart

AmByth has three magical chords that run through their very core and shape every thought, direction, decision and action: they are 100% dry-farmed, we are a certified Biodynamic farm, and we are natural winemakers.

AmByth is the Welsh word meaning 'forever'. We view it as our legacy: to live and farm to our heart's content in Templeton for the remainder of our lives...but also to farm with the future in mind, and the healthy condition of our land being left behind.

AmByth Estate is Paso Robles' first and only winery to produce Demeter certified Biodynamic wines. We utilize the Biodynamic method of farming to enhance our observations of nature, and use these intimate insights as tools that allow our 20 acres of vineyards to express their true character through the grapes it produces.

We want our grapes to be as unique to AmByth Estate as your thumbprint is to you.

We are Natural Winemakers: we let the grapes express themselves into wine without the aid of additives, adjustments or enhancements. The wines are made with Native Yeasts, they are foot stomped, they are aged and bottled without any added sulfites. Some are aged in barrel or stainless steel tanks, others are beautifully aged in Terra Cota Amphoras. They are Pure. They are Alive. They are Fresh.

Our estate vineyards comprise more than 20 planted acres to grapevines and olive trees.

**BOTTLED** On site

**TASTING NOTE** Nothing given away on the nose but  
fruit followed by fruit with the first taste.  
OK, after a few minutes, extremely pleas-  
ant aromas are starting to be released.  
A slightly dangerous wine, so easy to drink.  
Fortunately it's 13% so go ahead. That is  
natural wine and why we love it.

## Babiolo 2014

**APPELLATION** Santa Barbara

**SULFITES** No Sulfites added  
only natural sulfites present

**ALCOHOL CONTENT** 13°

**SERVING TEMPERATURE** Chilled from 55-60°F

**BOTTLED** On site

**TASTING NOTE** A white wine with tannin and depth.  
What's remarkable about this wine  
is how many foods it will pair with.  
Salmon, beef steak, it crosses many  
boundaries. Let's not build a wall  
against this one!

## Mouvèdre 2013
